

Our mission is to reduce the cost and time it takes to place a service dog with a person in need. We accomplish this by nurturing, socializing and training purposely-bred Labrador Retriever puppies, for donation, to carefully selected service dog organizations.

As with every person, business, and non profit, the coronavirus has had a significant impact on Project 2 Heal. Our donations are down significantly and the fundraisers that were planned for 2020 had to be cancelled. The most significant impact was the cancellation of our annual golf outing. Last year, our most successful outing to date, raised an amazing \$60,000.00 for Project 2 Heal. Our golf outing is our largest annual fundraiser and provides us with a large percent of our annual funding. Since our ministry is involved with the caring and training of future service dogs, our operations continued with reduced staff hours and with plenty of help from volunteers.

Your donation allows us to continue our mission, provide the feeding, vetting, training and overall care of our mama dogs, puppies in training and litters of future service dogs. We are expecting two litters of future service dogs to be born December 2nd and December 6th.

Your support helps us to change, and even save, the lives of those who receive one of our puppies! We appreciate your support.
